

STAFF MASTER DIVER CANDIDATE QUALIFICATION

NAME _____ RATE _____

Division _____ Date Commenced _____

1. Purpose. To provide a qualification path in order to satisfy the requirements of MILPERSMAN art.1220-100 for those individuals desiring evaluation as a Master Diver. To record certification signatures by designated Qualifiers who, by their signature, certify the prospective Supervisor has attained the knowledge and skill level required to perform as a Diving Supervisor.

2. Instructions. It is the responsibility of Diving Supervisors, Division Master Divers and Division Officers to evaluate and recommend an individual to the Department Head and Commanding Officer for final approval as a Staff Master Diver Candidate. Chief Petty Officers who desire to apply for the Master Diver selection process must meet the minimum criteria listed below and submit a request via the chain of command for the Commanding Officer's recommendation. Once a Candidate successfully completes this qualification process, he/she may order the Master Diver Course PreTest. Upon successful completion of the PreTest, Candidates may apply for a course quota utilizing NAVPERS 1306/7 and following instructions given in MILPERSMAN 1220-100. After completion of the Master Diver screening process, there may be a lengthy time before a Candidate's class convening date. To ensure Candidates maintain their proficiency, they must successfully complete one at sea evaluation dive per quarter and retake the Master Diver Course Pre-Test at one year intervals from the previous test. Should the Candidate fail to meet this require-ment, his recommendation for the Master Diver selection process will be withdrawn. This qualification has specific signatures for High-Risk Core Unique Instructor Training.
