

# JOINT AMBULATORY CARE CLINIC FIRE BILL

**ACTIVATE** the nearest pull station. When a pull station is activated, several notification systems trigger:

- Flashing LED lights
- All Hands pre-recorded announcement with alarm
- Electronic notification boards communicate the fire location

**ASSIST** patients and visitors in the area who may be confused or not familiar with the facility.

**EXTINGUISH** the fire with a local extinguisher if:

- You are trained on how to operate a fire extinguisher
- The fire is small and manageable.

Otherwise: Get out of the building and let the Fire Department do their job!

**CLOSE** all doors on your way out of the building.

**EVACUATE** the building and report to your designated muster area.

THE MAIN OBJECTIVE OF THIS FACILITY'S FIRE SAFETY PROGRAM IS  
**THE PRESERVATION OF LIVES!**

This Building's Fire Safety Coordinator: Ms. Marcella Simmons 794-6558

The responding agency is: Joint Base Charleston Fire Department

**9-911** from a Dental Clinic phone is Joint Base Emergency Services Dispatch
